
We collaborate with patients to characterize their clinical trials expectations and better understand their readiness for remote clinical trials. This 11-question survey was co-developed with a patient advocate and administered online in December 2020.

- Why do patients not participate in clinical trials?
- Do clinical trial participants generally use digital solutions and enjoy it?
 - Do they prefer home-based, site-based, or hybrid trials?
 - Which elements improve their clinical trial experience?
