- Available for back-up solutionor primary entry

# Plan a successful web back-up strategy for your eCOA clinical trials
## Have you anticipated all situations?

| | | | |
|---|---|---|---|
| The patient cannot come to the site | Access to the site is limited because of a pandemic | The nurse must postpone the visit | The site has too many patients scheduled on the same day |
| The patient's tablet is broken | The patient is on holiday and has forgotten their device | On site, the device has run out of battery | The caregiver needs a larger screen to read the questionnaire |
