## #6 eCOA COMMITMENT: Kayentis delivers clean data in due course

kayentis · Monday, November 21st, 2016

**Because raw data are not enough, Kayentis delivers a FULLY CLEANED database, often ahead of schedule**

**#6** RAW DATA ARE NOT ENOUGH: You will need cleaned data in due course

**Kayentis delivers a FULLY CLEANED database, often ahead of schedule**

We deliver a fully cleaned database, often ahead of schedule:

- Our full database cleaning includes reconciliation with randomized data.
- We provide high quality data with real time access.

*“What I like is the support from the Kayentis Data Management team. Most of the time the data related PROs are cleaned well ahead of due time. The Project Managers are very responsive, which allows us to speed up the resolution of any queries/questions that we have.”* Data Manager Top 3 Pharma.
