Accreditation by the French Ministry of Research

kayentis · Tuesday, June 27th, 2017

‘We are proud to announce that we have been accredited by the French Ministry of Research as an organisation that contributes to our clients’ R&D projects. As such, as long as our clients’ projects are eligible, our invoices can be submitted to their research tax credit. This accreditation has been granted to us for the maximum of length of time (3 years) and we will make every effort to renew it after that time.’

« *Nous sommes fiers de vous annoncer que nous avons été accrédités par le ministère français de la recherche en tant qu’organisme contribuant aux travaux de R&D de nos clients. A ce titre, et dès lors que les travaux de nos clients sont éligibles, nos factures peuvent être imputées à leur Crédit d’Impôt Recherche. Cette accréditation nous a été accordée pour la durée maximale (3 ans), et nous nous efforcerons de la renouveler au terme.* »
