

**Date:** October 18

**Location:** PariSanté Campus in Paris

### OBJECTIVES:

Define decentralized clinical trials, provide an update on their development and implementation in France and beyond, and set out the FRA & EMA regulatory framework

Characterize the benefits, challenges, and needs for all clinical trial stakeholders

Support biotech companies, provide concrete information, feedback, and keys to success

**This event is designed for operational project managers, clinicians, CRAs, and data managers from biotech and pharma companies, CROs, service providers, and hospitals.**
