## **12 tips to succeed in your eCOA trial**

kayentis · Thursday, December 15th, 2016

You have chosen to use an eCOA solution in your clinical trial? Be aware of 12 key points to ensure the success of your eCOA trial: What about data transmission? What about data security and hosting? What about an eICF? What about patient compliance? ...

**To support its customers, Kayentis has made these 12 key points its 12 commitments to ensure the success of your eCOA trial.**

**Infography: 12 tips to ensure the success of your clinical trials with eCOA solutions**

## 12 tips to succeed in your eCOA trial

**#1** ELECTRONIC DATA CAPTURE IS COMPLEX. It's better to work with expert vendors

Kayentis is **FULLY** dedicated to eCOA

**#2** EVERY STUDY IS SPECIFIC. It is not one size fits all

Kayentis has solutions for **ALL** your eCOA needs

**#3** YOUR DATA ARE PRECIOUS. Take care of data security and hosting

Kayentis has **ALL** you need to take care of your data

**#4** ENSURE DATA TRANSMISSION regardless of the country and site

Kayentis has the **HIGHEST** possible level of connectivity

**#5** INTERNATIONAL STUDIES must take account of customs issues

Kayentis has **GLOBAL** logistics expertise

**#6** RAW DATA ARE NOT ENOUGH. You will need cleaned data in due course

Kayentis delivers a **FULLY CLEANED** database, often ahead of schedule

**#7** PATIENT COMPLIANCE is key for the success of your study

Kayentis has dedicated tools to improve patient engagement and data quality

**#8** MAKE MONITORING more efficient and less costly

Kayentis allows for a **Risk-Based Monitoring** strategy

**#9** BE CAUTIOUS about clinical spend

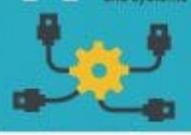

Kayentis allows you to **reduce your costs**

**#10** WHAT ABOUT USING an eICF in your trial?

Kayentis has the **MOST INTEGRATED** solution with SecureConsent® eICF

**#11** USE A SOLUTION that can operate with your other devices, software, and systems

Kayentis has made its solutions **fully and easily interoperable**

**#12** CHOOSE MORE than a vendor, choose a real Partner!

Kayentis enjoys a **Net Promoter Score of 93%** from our customers

- Tip #1: Because electronic data capture is complex, it is better to work with expert vendors.
- Tip #2: Because every study is specific, it is not one size fits all.
- Tip #3: Because your data are precious, we take care of data security and hosting.
- Tip #4: Because connectivity is important, we ensure data transmission.
- Tip #5: Because every study is specific, we take into account custom issues in your international studies.
- Tip #6: Because raw data are not enough, we deliver a fully cleaned database.
- Tip #7: Because patient compliance is essential, we have tools to improve patient engagement.
- Tip #8: Because risk-based monitoring is key, we develop a real dedicated strategy.
- Tip #9: Because clinical trials cost a lot, we help you reduce your costs.
- Tip #10: Because we have the most integrated solution with SecureConset® eICF.
- Tip #11: Because it's better to use an eCOA solution that can operate with other devices.
- Tip #12: Because it's better to with a strong partner as Kayentis, with Net Promoter Score of 93% from its customers.
