

Improve your clinical trial efficiency and offer more choice to patients by implementing a BYOD strategy for your eCOA trial!

Want to offer more choice to patients and improve your clinical trial efficiency? Implement a BYOD strategy for your eCOA trial!

Choose Clin'form App, the BYOD solution from Kayentis

- ✓ **Quick set-up:** single study set-up for all data entry modes
- ✓ **Flexible strategy** with hybrid provisioned smartphone/BYOD approach
- ✓ **Easy patient enrollment:**
 - For sites: one-click QR code activation after patient number creation
 - For patients: a simple scan of the QR code
- ✓ **Security and confidentiality of patient data** (no data storage on the patient's device)
