Dedicated to eCOA and patient engagement

Joining Kayentis: Values, mission and vision

kayentis · Tuesday, November 21st, 2017

Joining Kayentis means also joining a company with its own values, a real vision and a concrete mission. Beyond being a leading reference in innovation and the third largest organization globally in our area of expertise, we expect from our employees to share our core values:

- Innovation & dynamism
- Team-oriented
- Engagement
- Customer-focused

However, we allow a large degree of autonomy for our employees in both their projects and their organization, we encourage intra- and inter-team collaborative approaches to foster best working practices.

As Kayentis keeps on growing and hires to enhance its teams, [click here to discover our job offers](#).

Why joining Kayentis?

OUR COMPANY CULTURE

OUR MISSION

Through the quality of the solutions, services, and databases that we provide to sponsors and CROs, we contribute to the reliability of clinical research, and help to improve human health

OUR VALUES

INNOVATION & DYNAMISM

OUR VISION for 2022

BUSINESS

- ✓ We are a leading reference in innovation
- ✓ We are the 3rd largest organization globally in our area of expertise
- ✓ We are the global leader in terms of client services, with a Net Promotor Score >90%
- ✓ We are present in Europe, USA, and Asia
- ✓ Our software solutions are easily adaptable, including by third parties, to cover 95% of market needs through our configuration tools
- ✓ Our solutions are compatible, in particular allowing connection to medical devices and the main software tools that are available on the market

PEOPLE

- ✓ We promote the development of each person in the organization, with a special focus on the work environment
- ✓ We allow a large degree of autonomy for our employees in both their projects and their organization, we encourage intra- and inter-team collaborative approaches to foster best working practices

ENVIRONMENT

- ✓ We are a national reference for engagement in human health and the preservation of the environment
