Kayentis

Global provider of eCOA and patient-centric solutions

Make it simple: Use a single device! #infography

kayentis · Tuesday, October 20th, 2020

Discover the 3 key advantages of using a single device for both on-site and home use:

- **#1 Simplicity for sites**
- **#2 Better patient experience**
- #3 Efficiency and quality for sponsors and CROs

See the full advantages in the infography below!

3 key advantages of using a single device for both on-site and home use

SIMPLICITY FOR SITES

- EFFICIENT TRAINING Simplified training process
- SIMPLE REVIEW An intuitive interface to review patient questionnaires for higher data quality and better site engagement
- REDUCED MONITORING BURDEN Reduced site set-up workload, simplified eCOA logistics, and easier data source checks

BETTER PATIENT EXPERIENCE

- USER-FRIENDLY APPROACH Easier to use and handle one rather than two devices
- REDUCED TRAINING BURDEN Focusing on one device reduces the training duration and recurrence for better adherence and engagement
- AN ENJOYABLE EXPERIENCE An ergonomic and intuitive single device for increased comfort & stronger patient commitment
