

Plan a successful web back-up strategy for your clinical trials

Have you anticipated all situations?

The patient cannot come to the site.

The nurse must postpone the visit.

Access to the site is limited because of a pandemic.

The site has too many patients scheduled on the same day.

The patient's tablet is broken.

On site, the device has run out of battery.

The patient is on holiday and has forgotten their device.

The caregiver needs a larger screen to read the questionnaire.
